## WHAT IS LAKEROL?

What Lakerol is, will best be seen from the pronouncements of prominent physicians, singers, actors, royalty and well known men and women, of which a selection is published in the following pages. The expert opinions expressed, show that Lakerol Pastilles are most beneficial for coughs, colds, hoarseness, catarrh, irritated or sore throats, and other respiratory ailments. They also testify to the fact that thanks to their beneficial action on the vocal organs, their pleasant flavour and their other excellent properties, Lakerol Pastilles are not only much appreciated among vocal artists but have also received much praise from well known and leading persons in different walks of life and vocations.

## HOW LAKEROL ACTS.

The medicinal benefit of Lakerol is due to its well balanced composition, its specially selected ingredients and the careful process of manufacture. When a Lakerol Pastille is taken, certain of its ingredients are immediately dissolved and spread a healing, soothing film over all inflamed and irritated spots. At the same time other of its ingredients are released in the form of antiseptic fumes, which are inhaled into the bronchial passages and the lungs.

## WHO NEEDS LAKEROL?

Apart from their medicinal properties, Lakerol Pastilles possess the advantage of an extremely palatable and refreshing flavour, and are free from all harmful ingredients. They are extensively used as a daily energiser by both young and old, whether in good health or otherwise. They allay thirst and are refreshing and invigorating in hot weather. In crowded places with stuffy and impure air, they protect and act as a disinfectant.

For all smokers — ladies as well as gentlemen — Lakerol is of special value. It dispels the tell-tale odour of tobacco and counteracts the harmful consequences of smoking on the mucuous membranes.

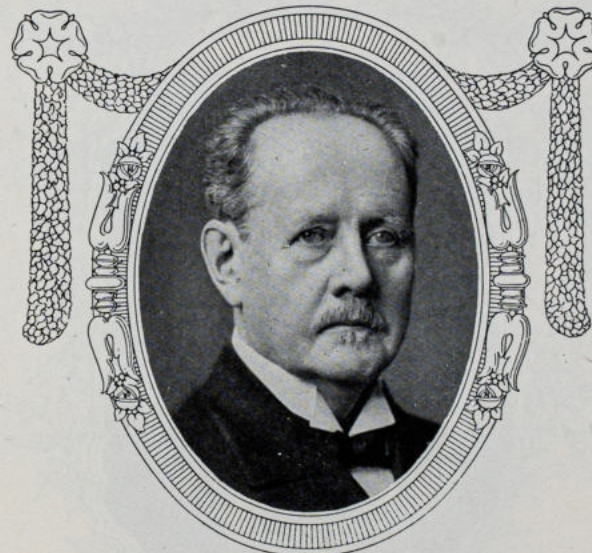

## LAKEROL — A WORLD-WIDE REMEDY.

After twenty years of unremitting efforts to establish Lakerol as the ideal treatment for bronchial ailments, it can truly be said that it has become world famous. Throughout the globe, in all climates, it has met with approval and now enjoys the confidence of a universal public.

F. CHALIAPIN  
*The world-famous Russian  
singer and actor.*

*Your pastille "Lakerol" is excellent  
for the throat  
Bravo!!  
F. Chaliapin 1930  
Stockholm*

Dr. E. JACOBSON  
*Physician to H. M. The King of Sweden.*

In the course of my practice I have prescribed Lakerol Bronchial Pastilles and beg to certify that they are exceptionally beneficial in cases of catarrh of the throat and bronchial tubes. I have therefore much pleasure in recommending them.

Stockholm, April 15th, 1916.

*E. Jacobson*

LESLIE HENSON.  
*Actor.*

I have proved your "Lakerol" Pastilles to be, not only pleasant to the palate, but excellent for colds and throat exhaustion.

I can thoroughly recommend them both to the Profession and the Public.

March, 16th 1926.

*Leslie Henson*

MARIE TEMPEST  
*Actress.*

I have tried Lakerol Bronchial Pastilles and have found them most useful for affections of the respiratory organs. They are excellent also for those throat troubles from which actors so often suffer.

London, 1926.

*Marie Tempest*

SEYMOUR HICKS.  
*Actor.*

I have been suffering with my throat considerably owing to overwork and I found Lakerol Bronchial Pastilles of the utmost value to me in the Theatre. They not only allayed the inflammation of my throat but toned up my voice splendidly.

Yours truly

London 1925.

*Seymour Hicks*

EVELYN LAYE  
*Actress.*

Lakerol Pastilles can be of tremendous assistance to such people as actors, singers and speakers, on whose throats great tax is placed. And they are pastilles so essentially pleasant to take.

London, 16.10.1926.

*Evelyn Laye*

FRANK B. KELLOGG

*Secretary of State of the U. S. and Nobel-prizewinner.*

I am writing for my husband to thank you for the Lakerol Pastilles sent him here which he has already used and finds very soothing as he often has trouble with his throat.

I agree with you that anything which reduces irritation helps to promote peace.

Oslo, Thursday, Dec. 11, 1930.

Very truly yours

*Frank Kellogg*

NEGUS TAFARI MAKONNEN

*Emperor of Abyssinia.*

I have tried Lakerol Pastilles and found them excellent. I shall take a large box with me to Ethiopia.

Stockholm, June 12th 1924.

ALFRED PICCAVER  
*Opera Singer*  
*Metropolitan Opera, New York.*

Lakerol Pastilles were strongly recommended to me in Vienna, but it was not until my visit to the Royal Theatre in Stockholm that I discovered from personal experience what a wonderful effect they have.

Stockholm, November 25th 1922.

EMMY DESTINN  
*Opera Singer*  
*Metropolitan Opera, New York.*

Lakerol Pastilles are very pleasant, effective and refreshing. I sincerely recommend them to everyone.

Christiania (Oslo),  
Nov. 1922.

MATTIA BATTISTINI

*The famous Italian Opera Singer the late M. BATTISTINI, gave the following testimonial to Lakerol Pastilles:*

I have tried Lakerol Bronchial Pastilles and have found them very useful for affections of the respiratory organs. They are also excellent for those throat troubles from which singers frequently suffer.

Stockholm, 1920.

*M. Battistini*

*The famous Indian author and Nobel-prize-man, Sir Rabindranath Tagore.*

*স্বামীশ্বরনাথ*

(RABINDRANATH TAGORE)

I am sorry your letter addressed to my father at the Grand Hotel, Stockholm, has not been acknowledged till now. It has been quite impossible to attend to any correspondence during our travels on the Continent, but now I beg to thank you for your letter and the samples of "Lakerol". My father has used them and finds them very efficacious for clearing the throat. He will be very pleased if you will send some tins for the boys of his institution to my address.

P. & O. S. N. Co. S. S.  
5th July 1921.

*R. N. Tagore Jr.*

S. DAVY BURNABY  
*Actor.*

*Writes in lighter vein.*

I think your Lakerol Pastilles very good. I have never tried them but find them very useful when the gum on the stamps runs out and when sealing up parcels. I also find them very useful as poker chips. I got into trouble the other day on a bus when I tendered one as fare.

London, Oct. 11th, 1926.

Yours cheerily

*S. Davy Burnaby.*

УПРАВЛЕНИЕ  
УПОЛНОМОЧЕННОГО РОССИЙСКОГО  
ОБЩЕСТВА КРАСНАГО КРЕСТА  
ВЪ ГЕРМАНИИ  
(СТАРАЯ ОРГАНИЗАЦІЯ)

In April 1927, I received the third parcel of 500 tins of Lakerol Pastilles from you.

All I wrote you regarding the effect of these pastilles I now repeat. From my latest observations I can most warmly recommend them in all cases of cough with difficult phlegm discharge as an expectorant and cough-soother.

The tins sent me have now almost all been distributed to 151 patients with the following ailments: —

Trachitis acuta . . . . .	9	Catarrhus apicis ac. . . . .	32
Pharyngitis acuta . . . . .	8	Tbc. pulmonum . . . . .	5
Laryngitis acuta . . . . .	12	Emphysema pulmonum . . . . .	12
Angina catarrhalis . . . . .	1	Pneumonia catarrhalis . . . . .	10
Angina lacunaris . . . . .	3	Pneumonia cruposa . . . . .	5
Bronchitis ac. et chr. . . . .	42	Pleuritis sicca ac. . . . .	12
Total 151			

Of these 151 cases, the original illness was influenza in 93 cases. Since you began sending Lakerol to me I have distributed the pastilles in 442 cases, and numerous sufferers have approached me with the request that I should again give them this preparation, which I think must be considered to be eloquent testimony to the beneficial effect produced.

I am always ready, upon request, to give you further details of the course of the illness of the patients treated with Lakerol.

Berlin, 11th August 1928.

Physician-in-Chief to the Russian  
Red Cross (Old Organisation).

OPINIONS EXPRESSED BY MEMBERS  
OF THE MEDICAL PROFESSION  
IN ENGLAND.

Many thanks for the samples of Lakerol Bronchial Pastilles, which I shall be pleased to prescribe. They are palatable, cleansing to the palate and indeed relieve an irritating cough.

LT. COL. V.D., J.P., L.R.C.P., L.R.C.S.

I think Lakerol Pastilles a very well thought out compound and pleasant to take. I notice that they are well advertised, and for my part I shall never hesitate to recommend them.

M.R.C.S., L.R.C.P.

Thank you for the sample of Lakerol Pastilles. My wife, who suffered from laryngitis and had lost her voice, gave them a trial — with excellent results. — I will recommend Lakerol to my patients.

M.R.C.S., L.R.C.P.

Lakerol is an excellent pastille, and I hope many will benefit by it. Certainly it is one I can recommend.

M.R.C.S., L.R.C.P.

I should like to congratulate you on your product "Lakerol". I have used these pastilles personally and on cases of T. B. Larynx, etc., in this Hospital, and have found them to offer considerable relief.

M.R.C.S., L.R.C.P.

I find Lakerol Pastilles to be very pleasant to take, and possessing a useful mild expectorant and carminative action. I shall have pleasure in recommending them.

M.R.C.S., L.R.C.P.

I have introduced Lakerol Bronchial Pastilles to a number of patients as well as using them myself with acceptable results to all.

M.D.Ed., M.B., Ch.B.
